JOURNEY WITH OUR CLIENT

Jayden Holt, Managing Director, started the relationship with this client in July of 2021. This relationship started in the Financial Operations department and spread throughout the company to the Finance, Strategy, and Treasury departments.

Jayden worked in conjunction with the client's Talent Acquisition team to manage the process of sourcing and vetting candidates. They held weekly meetings to prioritize open positions, review candidates in the pipeline, schedule interviews, and share feedback.

CFS was able to far exceed the client's expectations.

"I was given an amazing opportunity to work with a high-growth client to fill dozens of fully remote roles. Our 30+ offices across the U.S. rallied together to bring our top candidates to the client and fill all the roles within a very short period of time. We are now the go-to agency for the company because of our large network of highly skilled recruiters. Our ability to deliver surpasses other local/national agencies that do not work together to the degree of CFS recruiters. It is such a rewarding experience to help our clients fulfill their mission through staffing!"
